Professional Summary

Data Science undergraduate with hands-on experience in Python, Machine Learning, and data analysis. Skilled in building predictive models and extracting insights from real-world datasets. Actively seeking internship or entry-level opportunities to apply analytical skills, contribute to data-driven solutions, and grow in a collaborative engineering environment.

Professional Experience

Artificial Intelligence & Machine Learning Intern

SmartBridge | Remote | 6 Months

- Applied ML techniques on real-world datasets
- Performed data preprocessing and model evaluation
- Worked on mini-projects focused on data-driven solutions

Projects

Flood Prediction System (Machine Learning +Flask):

- Designed predictive models using environmental datasets to assess flood risk
- Applied data preprocessing, feature engineering, and model evaluation techniques
- Built a web-based interface to demonstrate real-time predictions

AI-Based Farmer Credit Intelligence Platform

Hackathon Winner (1st Prize) VIT-AP University

- Developed ML-based scoring system to analyze financial behavior
- Integrated multiple parameters for risk evaluation and decision support
- Delivered actionable insights through data-driven approach

Machine Data Analysis - Tableau Dashboard

- Analyzed operational data to identify performance trends and failures
- Built dashboards for monitoring and decision-making support

Skills

Programming Languages : Python , Java, C	Data Science: Pandas, NumPy, Data Cleaning, EDA
Machine Learning & Predictive Analytics :Regression, Classification, Model Evaluation	Deep Learning: TensorFlow,Keras
Core Concepts: Statistics, Data Analysis, Feature Engineering	Frameworks: Flask
Database: SQL, MySQL,Supabase	CRM Platform: Salesforce (Objects, Flows, Validation Rules, Security)
Tools & Platforms: GitHub, Jupyter Notebook, VS Code,	Data Visualization : Power Bi, Tableau, Excel

Education

2023 – 2027	B.Tech – Data Science Swarnandhra College of Engineering and Technology CGPA: 9.14 / 10
2021 – 2023	Intermediate (MPC) Yn Degree College Percentage: 96%
2020 – 2021	SSC SNS MPL High School GPA: 10 / 10

Achievements & Activities

First Prize – IET Hyderabad Local Network Hackathon

VIT-AP University (in collaboration with IET Hyderabad LN & The Node – Blockchain Club)

- Secured 1st place among 87+ teams in a multi-round, 24-hour national-level hackathon
- Developed an AI-Based Farmer Credit Intelligence Platform for credit scoring using behavioral and financial data
- Implemented real-time simulation and risk analysis for intelligent decision-making
- Designed a scalable, data-driven solution addressing real-world financial challenges

Hackathon – 2nd Place (Internal College Competition)

Swarnandhra college of engineering and technology

- Secured 2nd place among 40+ teams in a college level hackathon by developing a technical solution.
- Developed an e-commerce application (Shop smartly) to manage product listings, orders, and user interactions

Salesforce Trailhead Learning-Mountaineer Rank

- Completed multiple Trailhead modules on Salesforce CRM platform fundamentals.
- Practiced objects, relationships, profiles, permission sets, flows, and validation rules.

Certifications & Assessments

- | | |
|---|------------------------------------|
| • TCS iON NQT (Cognitive) – 78.54% (Mar 2026) | • Postman API Certification |
| • Artificial Intelligence & Machine Learning Internship (240 Hours) – Smart Bridge APSCHE | • Neo4j Data Science Certification |
| • Python for Data Science-NPTEL | • SQL- LinkedIn |
| • Databricks fundamentals | |

Core Strengths

- Analytical problem-solving
- Strong communication
- Quick learner & adaptable
- Team collaboration

Additional Information

- Languages: English, Telugu, Hindi
- Interests: Cricket, Travelling,cooking
